

# Shadow 2kW Industrial Infrared Heater Technical Specification

**Compact & Powerful:** 2kW infrared heater designed for smaller industrial and commercial spaces.  
**Instant Targeted Heat:** Short wave infrared warms people and objects directly, ideal for draughty areas.  
**Energy Efficient:** Converts almost all energy into usable heat, reducing costs and carbon footprint.  
**Durable Design:** Robust aluminium body for reliable, long-term performance.  
**Flexible Mounting:** Suitable for wall or ceiling installation in workshops, warehouses, and garages.

<b>Voltage (V)</b> 220 - 240	<b>Product Length</b> 420 mm	<b>Lamp Warranty</b> Not Covered
<b>Weight (kg)</b> 3.7	<b>Product Width</b> 250 mm	<b>Warranty</b> 2 Years
<b>Total Power (kW)</b> 2	<b>Product Height</b> 110 mm	
<b>Ingress Protection</b> IP65	<b>Cable Length</b> 1.8m
